Dear Mark

### Re: Rollout of Vaccine Programme in Wrexham and North Wales

Thank you for your letter of 13 January 2021 seeking clarity on a number of points around the above.

I was surprised to receive your letter as responsibility for the rollout of the vaccine programme lies with Betsi Cadwaladr University Health Board. I understand Leaders of other Local Authorities in North Wales have already been in discussions with the Health Board and would urge you to contact Mark Polin, the Chairman, as a matter of urgency.

Yours sincerely

Lesley Griffiths, MS
