

### Trim Trail update

Cllr Lynch /Clerk/Andrew (AcePlayLtd)

- The location was confirmed as suitable, behind the goal line nearest the Millennium Meadow (away from tree line/fence and several metres from the goal line on the football pitch).

- The construction would take 1-2 days depending on staff availability. The site would be fenced off (by AcePlayLtd) whilst the structures bedded in.
- The equipment would probably not be available until May at the earliest
- There are no additional costs that we are aware of
- Payment is made on completion
